MUSCULOSKELETAL ULTRASOUND IN DEGENERATIVE AND CRYSTAL-RELATED RHEUMATIC DISEASES

28-29 February 2020, Plovdiv

Organizers:

Bulgarian Association for Musculoskeletal Ultrasound
Medical University of Plovdiv
Rheumatology Clinic, University Hospital “Kaspela”

Lecture Hall (10th floor) and Rheumatology Clinic (7th and 8th floors), building 2, University Hospital “Kaspela”,

Faculty:

Prof. Anastas Batalov
Prof. Wolfgang Schmidt
Dr. Francesco Porta
Dr. Georgios Filippou
Dr. Rositsa Karalilova
Dr. Tanya Sapundzhieva
Dr. Plamen Todorov

Program:

28. 02. 2020

13.00 – 13.30 - Registration
13.30 -14.00 - Welcome – A. Batalov
14.00 – 15.00 - Ultrasound in osteoarthritis: from semeiotics to its utility in the disease management: F. Porta. Demo
15.00 - 16.00 - Ultrasound in the diagnosis and management of soft tissue rheumatic diseases: P Todorov. Demo
16.00 – 16.30 - Coffee Break
16.30 – 18.30 - Practical workshop I – Ultrasound assessment in patients with degenerative articular and periarticular diseases (all faculty)

29.02.2020

08.30 - 09.00 - Registration
09.00 – 10.00 - MSK Ultrasound in gout- W. Schmidt. Demo
10.00 – 11.00 - Ultrasound for the assessment of calcium crystal-related arthropathies G. Filippou. Demo
11.00 – 11.30 - Coffee Break
11.30 – 12.15 - Basic principles of ultrasound guided procedures in Rheumatology. Their role for the diagnosis and management of degenerative and crystal-related diseases: F Porta, P Todorov – Demo
12.15 – 13.30 - Lunch
13.30-15.30 - Practical workshop II - Ultrasound assessment in patients with crystal-related arthropathies (all faculty)
15.30-15.45 - Coffee Break
15.45- 16.45 - Practical workshop III – US guided procedures (knee phantom)
16.45 -17.15 - Test of knowledge: A Batalov.
17.15-17.30 - Closing remarks and certificates: A. Batalov
